

“Beyond the Book”

Learning to give Intuitive Tarot readings

with Jess Steinman

(4 week class ~ 1 evening per week)

If you have ever tried to give a Tarot reading while constantly referring to the book that accompanies the deck, you know how difficult and frustrating it can be! Tarot readings are about much more than a definition in a book; they are about using your *intuition*, your psychic senses, to interpret the images on the cards and give a more complete picture. Once you develop a connection with your Tarot deck and your intuition, you take your readings to an entirely new level!

Whether you are still new to the world of Tarot and want to build more of a connection with your deck, or if you have been doing readings “by the book” for a while and are ready to take the next step, this class is right for you! Join Jess Steinman as she guides you through four classes in developing your intuitive skills around Tarot.

Class #1: Getting Started

Learn the basics of working with your intuition, what resources are available to help you along the way, and what spread to use for your most effective reading.

Class #2: Intuition, Imagination and Interpretation

Learning how your deck “talks” to you (and what to do if it doesn’t); allowing your imagination to come out and play!

Class#3: It’s All About Presentation

What happens when you don’t understand what you’re getting and why you’re getting it; how to (and if you should) deliver a difficult message

Class #4: Putting Your Intuition To Work

For this final class, invite your friends and family so you can practice your new skills with them! This class may begin early (depending on the size of the class) to allow plenty of time for practice readings.

Each class will involve some time for mini-readings for yourself and for classmates, so that you may practice the skills as you learn about them. Upon completing the class, each participant will receive a Certificate of Completion.
